

iLAVA FEEL

iLAVA FEEL was designed to provide the same therapeutic benefits of our original topical, iLAVA TOUCH, in a more portable form. It combines essential oils with cannabinoids, which can be absorbed through the skin for localized relief. TOUCH and FEEL contain 11 essential oils, the primary essential oils being Corsican Helichrysum, Mango Ginger, and Blue Tansy.

Our research and development efforts were directed at creating fast-acting products that incorporate all-natural ingredients with proven therapeutic benefits. This product was born from feedback from our community.

Why we are different:

1. Pleasant odor that doesn't smell like marijuana
2. Fast-acting relief for any time of day
3. Safflower-based topical oil in a convenient roll-on bottle
4. Doesn't stain or stick to clothing
5. Purposeful essential oil blend formulated by a clinical aromatherapist:

- Corsican Helichrysum
- Mango Ginger
- Blue Tansy
- Blue Cypress
- Frankincense
- Calendula
- Rosemary Antioxidant
- German Chamomile
- Arnica
- Lavender
- Peppermint

Ingredients:
